

Electric Association

Serving Chicagoland Since 1926

Membership Benefits & Services

Corporate Listing in the Online Membership Directory

A who's-who listing of Chicagoland's electrical industry: contractors, distributors, manufacturers, manufacturers agents and their lines, utilities, members-at-large, engineering firms, consulting firms, and electrical estimators.

Newsletters - ElectriCITY magazine

Quarterly publication with circulation across Northern IL and the Lake Michigan Region; corporate news, timely articles, career announcements, product line changes, industry events calendars, career placement services, and government legislation updates. As a corporate member of the Electric Association, your company may post Industry News in the publication for free.

Continuing Education Programs

EA Members receive discounted registration fees for all Chicagoland Electric Association Continuing Education Foundation classes. Acquire basic and advanced techniques and tips in electrical, lighting, computer applications, and new technology, and professional development from respected industry professionals. Professional Development Hours are awarded for successful completion of all courses. Courses can be customized and brought in house to train your employees.

Consulting Electrical Engineers (CEE) & Annual Table Top Tradeshow

EA Corporate members are invited to display their latest products and technology at the annual CEE tradeshow. This is the best opportunity of the year to network with Chicagoland's top electrical engineers, specifiers, designers, and decision-makers! This annual event is held at the Union League Club of Chicago in May. EA Corporate members also have the unique opportunity to sponsor and present at their monthly dinner meetings - which features an audience of over 40 engineers per meeting!

Annual Electrical Construction Conference and Trade Show

The Electric Association's Annual Conference and Trade Show features seminars and information on the latest Codes & Standards, New Technology, Safety, Lighting, and Energy Efficiency as well as an Industry tradeshow. This event is held annually and offers discounted registration for EA members. This is a one-day conference attended by 600+ industry professionals.

Awards and Recognition

Annual recognition of industry expertise at membership banquets: the Electric Association's Annual Membership Awards Dinner, where our industry's leaders are acknowledged for their professionalism and achievements.

This event is held during the month of October each year.

Career Center & Electrical Industry Career Events

EA Corporate members receive complimentary usage of the online career center. Save hundreds to thousands of dollars by placing your Want Ads here, in our industry specific career center. Candidates seeking employment can send their resume to the EA office and be referred to Employers. A career fair or HR focused event is also held annually.

Electric Association Divisions (CEE, CTF, Women's Division, Young Electrical Professionals):

Individuals can get involved in our divisions or affiliated organizations to find more specific education, networking, and information pertaining to their segment of the industry. The Electric Association has four divisions for individual memberships: Consulting Electrical Engineers division (CEE), Communication Technologies Forum (CTF), the Women's Division, and the Young Electrical Professionals (YEP). Each division hold their own membership meetings, training and networking events.

Rep File (Product Location Service)

Convenient, comprehensive, quick research call-in service for elusive manufacturers' lines. Use it to find and be found.

Exposure

Dinners, seminars, meetings and sports outings help foster your professional & personal industry relations through our member events.
